

Impact report

30 MONTHS

10th May 2023 - 9th NOVEMBER 2023

This report provides a summary of PACT activities over the first 6 months of our third year, plus an update on our highly ambitious plans for 2023/24. We feel that accountability and transparency is critical for the sector to move forwards and we expect all PACT students, members & staff to adhere to and champion our high standards and the vision we have for the organisation.

PACT consider the relationships we have with companion animals as partnerships, and take the same approach with individuals, colleagues and organisations that we share the sector with.

Our vision is to revolutionise the companion animal training sector by:

- Teaching, coaching & accrediting Animal Training Instructors using up-to-date, science-led methods
- Promoting the importance of understanding and appreciating canine behaviour, ethology & learning
- Supporting Animal Training Instructors with their emotional, physical & mental wellbeing
- Reducing the environmental impact of living & working with companion animals

This is our fifth impact report, which builds upon our 2 year report published in May 2023. We hope that all readers find it as insightful, informative and inspiring as we do producing it..

2023 ANNUAL CONFERENCE

In October 2023 PACT hosted Dogx at the University of Winchester.

This was our second annual in-person event, and was attended by just under 200 people from across the UK and beyond, which is a 79% increase in attendees.

The event featured a magnificent range of speakers, entertainment and stands. With Grisha Stewart, Amber Batson, Tom Candy, Melissa Fallon, Vickie Davenport, Melissa McCue-McGrath, Ronnie Paskouis, Sindhoor Pangal (dialling in) and a performance by Grant Sharkey.

We have had some great feedback and are already looking to at how we can make next years conference even more special.

The event was carbon/ecologically positive including travel of speakers and attendees.

Save Sunday 6th October 2024 in your diary for Dogx 2024!

CANINE BEHAVIOUR TECHNICIAN COURSE

CANINE BEHAVIOUR TECHNICIAN COURSE

After months of hard work, our new Level 5 Canine Behaviour Technician course (CBTC) has been recognised by the ABTC!

The CBTC is open to PACT full members only and we are now taking bookings for the limited spaces on the January 2024 start.

This course is Level 5. Each of the 4 modules involve weekly lectures and self-assessment quizzes, with a final online exam and written assignments. Each module needs to be completed and passed before the student can move onto the next.

Each module needs to be completed and passed before the student can move onto the next.

Our CBTC course is currently only open to existing Accredited members of PACT. Applicants must have passed all aspects of the CTIC course, or completed ATI option 2/3/4 in order to qualify for the CBTC. Successful completion of the CBTC is dependant on all online exams and assignments being completed and passed (40%).

The course is delivered via our Online Classroom platform with a mixture of recorded and live online lectures, discussions and case studies.

Successful course completion (inc. assessment) entitles graduates to appear on the PACT Register (displaying the PACT Accredited Member logo) and appear on the ABTC Register as a Registered Animal Behaviour Technician (display the ABTC ABT logo).

PACT's Canine Behaviour Technician Course is an ABTC Recognised ABT Programme. This course has been approved by the ABTC Programme Recognition Committee as meeting in full the Animal Behaviour Technician standard.

OTHER DEVELOPMENTS

We have continued to hold facilitated 5 monthly wellbeing sessions.

In addition to this the team have started to record short films on a range of topics for members and students.

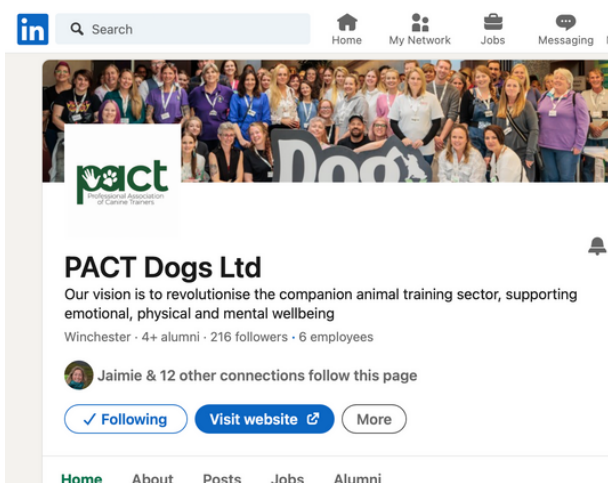

Dogs Today

In September PACT Director Steve featured in an article in Dogs Today Magazine highlighting the importance of choosing the right trainer.

In May & June PACT hosted two member only webinars with the superb Diane Gollowitzer teaching how to take photo's of Dogs for your business page and how to use Canva.

This was followed by an annual Full Member Feedback Session in July.

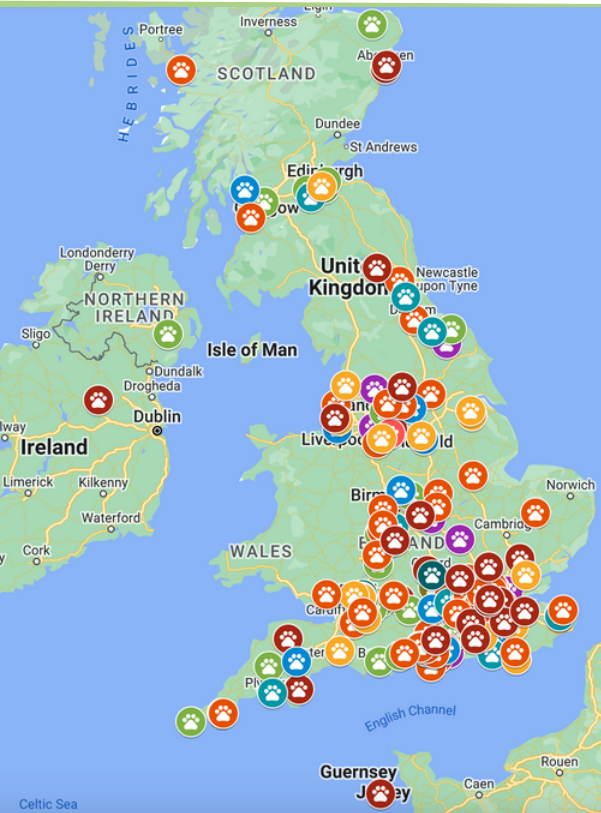

PACT is now formerly an Education organisation on LinkedIn. This means people can now add your student status or Full Membership onto your LinkedIn profile. Once you pass the course you can then join the PACT LinkedIn Alumni.

MEMBERSHIP DEVELOPMENT

Since May 23 there has been a 19% increase in Full Members of PACT, predominately a mixture of new and previous students passing their assessments. There were also several members transferring from other organisations.

Whilst overall the number of ABTC ATI's has reduced over the last 6 months (presumably due to annual renewals), PACT has bucked this trend. PACT is still the second largest ABTC Animal Training Instructor Practitioner Organisation with over 62% of all new ATI registrations from organisations who have grown over the last 12 months. This growth is 3.5x higher than any other organisation.

STUDENTS

We have supported existing students to complete their courses and attend in-person or conduct remote assessment sessions. There are now less than 3% of PACT students who were enrolled on the 'old' course. We are now seeing students enrolled on the January 2023 course passing to become Full members.

Despite increasing each intake since Jan 23, all CTC have continued sold out, including January 2024. There are now 24% more PACT students than 6 months ago.

ADVOCATE MEMBERS

In 2021 we introduced a new membership option, "Associate", following feedback from members we have now updated it "Advocate" we currently have 14 people at this level who we:

- Encourage to participate in further CDP through a 25% discounts.
- Require to make a commitment to ethical training methods
- Provide a clear route for those who hold existing ABTC recognised ATI/ABT/CAB qualifications to become Full PACT Members.

ENVIRONMENT

At PACT, our commitments to the environment are overseen by our Director of Sustainability - Jason Light - who is a Chartered Environmentalist. PACT have pledged that we will have a net positive impact on the environment, meaning that we will offset our carbon emissions and any ecological impacts associated with our business activities.

During the last 6 months PACT had a Carbon Footprint (Scopes 1 -3) of 16 tonnes CO2e. This tonnage is the equivalent to 50kg CO2e per member, last year this was 86kg/member.

The summary chart below illustrates the assessment undertaken by us, including direct emissions (e.g. electricity), transport (which is sometimes unavoidable), purchases and IT Services. Whilst this assessment includes most emissions relating to PACT's activities, we have plans to measure and report on further aspects, such as PACT student and member travel to venues.

Whilst we are looking to further reduce our environmental impacts longer term, we require Carbon Offset schemes to achieve our Net Positive aims. These offset schemes are far from perfect, but we are happy with our choice of The Woodland Trust and have made a donations to offset 3 tonnes of carbon to cover Dogx 2023.

Find out more here:
www.woodlandtrust.org.uk/support-us/give/personal-carbon/

PACT ON BBC

In June PACT Director Natalie was interviewed for the BBC Radio 4 show "Slice of Bread". During the episode Nat talked about the differences between Degradable and Compostable Bags. Including talking about some of the composting infrastructure at the main PACT venue.

SOCIETY

We have a commitment to use our position to support a range of charities from within the Animal Welfare sector and beyond. Over the last 2.5 years, our scholarships, donations and discounts to charity staff nearly total £36,000.

During the last 6 months PACT's charitable donations, discounts to animal welfare charity staff and scholarships equated to £15,821 this is 240% more than the first 6 months of last year.

OUR PACT TO GIVING BACK

We have directly donated over £1800 to charities doing fantastic work aligned to PACT's broad societal vision. This includes donating 100% of our profits from PACT branded clothing via TeeMill,

The largest area of growth is in Scholarships, with seven people joining July and September 2023 courses via the new scholarship programme.

BENEFIT IN KIND

In addition to direct donations to charities, we provide discounts on our courses, events, webinars and stands at conferences to registered charities in the sector. Over the last 6 months this has led to nearly £2000 worth of benefit in kind discounts to:

- ABTC
- Battersea
- Blue Cross
- Dog Aid
- Dogs Trust
- Guide Dogs
- RSPCA
- Therapy Dogs Nationwide
- Woodgreen

OUR FUTURE PLANS

We are fundamentally a learning and development organisation, so you won't be surprised that we see PACT as a continually improving organisation. If the first year as Directors of PACT has taught us anything, it's that community support is vital for development and longevity. We hope our students and members are just as excited as us about where we are looking to take PACT.

By the end of 2023/24 we are aiming to achieve the following:

- Ofqual certification as an awarding body
- Achieve ABTC recognition for the PACT Canine Behaviour Technician Course
- Raise the profile of PACT Members to the public through a variety of media opportunities and events
- Inclusion of CAM to the CTIC course

On the last aim, we have assessed how we spend the PACT membership fees and are looking for a year on year increase the percentage dedicated to wellbeing and internal webinars and CPD.

How is your annual membership fee spent?

IT 3%
Bank fees 3%
Accounting 3%
Marketing 7%
Internal webinars 10%
Admin 20%
Governance 25%
Wellbeing 29%

UPDATE ON 23/24 TARGETS

We are incredibly proud to say that we have already achieved one and are still on track to meet our targets for 23/24. This continues to take a huge amount of work and dedication from the team.

We also would like to thank our members and the ABTC for their support and encouragement to drive us forwards.

The following 2023/24 targets were achieved during the year:

- ABTC ABT Course Recognition DONE!

PACT Dogs Ltd 2021
Registration Number 13385886 (England & Wales)

PACT is accredited by and is a Practitioner Organisation of the Animal Behaviour and Training Council (ABTC)
